The global Masonic mafia elite and the deep state ruled by it is a corporate, militarized, functionally defined, mafia group of people who manage and own financial, banking, corporate, IT companies, not elected by the citizen states, which actually govern not only a specific country, but also a group of countries, on the principles of Mafia and financial banking resource technological mafia Materialism.

The global Masonic mafia elite and the deep state ruled by it have corrupted and mafiotized all spheres of society on which the government of one country, of one union - in the case of the European Commission and the European Union, the USA, and other countries ruled by people of deep country.

All members of the global Masonic mafia elite and the deep state are Freemasons and belong to different secret societies, no matter which. For years, all secret societies have been occupied from within by the representatives and bearers of the goals and aspirations of the Illuminati for a new world genocide and dictatorship over humanity. For these Masons the oath is to obey the law of the lodge and not to comply with any other laws - those of states, international law, unions and others and to do everything in the name and for the benefit of the lodge, observing only the laws of the lodge, but not to the state concerned, to international law, even to commit crimes, to help members of the lodge when they are in trouble, and to carry out the plan of the lodge. All laws and rules are subject to a vow of ideology and faith in Lucifer and the church of Lucifer / Satan.

And the plan is one - to conquer the world, to rule the world by one world government, only by them - the global Masonic mafia elite.

The differences between fascism and mafia.

State capitalism - is a system in which the state replaces private entrepreneurs in their role as factors - capitalists.

Under state capitalism, all property and all means of production are concentrated in the hands of one capitalist - the state, which in most cases is governed by the party elite and party nomenklatura.

The value added of production is redistributed by the sole capitalist, the state. It is often called either socialist or communist.

It is often argued that the countries of the socialist bloc are neither popular nor social, and that the economic system is in fact state capitalism.

Capitalism is an economic system in which production and trade are privately owned and managed by market economy methods, which in turn follow the principles of supply and demand. The main engine in such a system and supposedly "competition".

Fascism - professes the idea of a one-party state,. Fascism believes that nations and races are in constant conflict, Fascist governments forbid and suppress criticism and opposition to themselves.

They are opponents of class conflict.

Fascism is a state government similar to that of Mussolini, which elevates the nation and the race above the individual, establishes the one-party system, promotes nationalism, imposes strict economic and social control, applies violence, censorship

Voting from nowhere "registered" voters

Voting people from one city / state to other cities / states

Retrospective ballots - anti-dating - return of the date of receipt

Found ballots allegedly sent by mail, but they are not folded and not placed in an envelope.

Multiple exceeding of the number of voters of the respective voters registered for voting in the respective town / village.

Instantaneous - per second jumps in "votes" for Biden in the software with hundreds of thousands of pieces, and not a single piece for Trump.

Vote buying - paying with money or other benefits to voters.

Buying votes by granting additional aid and financial incentives to the administration, which is under the control of the mafia.

Falsification of ballots.

Printing fake newsletters.

Purchase and payment of electoral votes of entire ethnic groups of the population

Purchase and payment of electoral votes on the basis of race, ethnic group, refugees,

Creating parties that participate in the elections with the aim - a political fan - of winning the protest vote and dissolving the protest vote against a party that is governed and controlled by the mafia structure.

Elements of falsification in the protocols - identical serial numbers, lack of preferences, erroneous results, unaltered data,

Organizing all orders, semi-legal orders, secret orders, councils, committees, clubs, corporate capital companies, controlled media, controlled social networks, are choosing the "right candidate"

Creating a system, plan, program for compromising the "unwanted candidate" without selecting funds, morality, honor, dignity, morality.

Violation of the democratic principles of the state.

Controlled corporate vote -

Bought here

Repression of dissidents through the police

Repression through the prosecutor's office - filing meaningless complaints 4 times a day, calling the ungodly for explanations all day, especially at night,

The purchase of votes and the control by the police for compliance with the agreement, in case of non-compliance with the agreement, reactions follow.

Repressions through the prosecutor's office - pre-trial proceedings and prosecutorial inspections against opponents are activated. There are tens of hundreds of signals in the prosecutor's office against candidates who were never activated before the elections, but before the elections are activated, they are activated and repression follows. The systems of blackmail, of pressure, of extortion are used

Repression through the services. The secret services and others provide information through wiretapping and others, and an "enemy" is identified and the procedure is followed - compromising information in "accidentally caught" media.

The state revenue agency and the social security system are used for repression and pressure against business in order to use employees as a corporate vote. The State Revenue Agency launches audits, seizures of bail accounts, seizures of assets, seizes bank accounts for non-existent accounts

Various services attack business - fire inspections,, labor inspection, food inspection,

Repression through ministries - an example of repression through the Ministry of Agriculture of farmers farmers are important and control over them is a key element. Hundreds of thousands of people and families who work for them depend on these farmers. Prior to elections, subsidies are distributed to specific farmers to ensure that those who do not cooperate are subject to control, audit, repression and others.

Use of the border police system. Anyone who uses the information of the border police knows where the person concerned is, whether he is abroad or in the country. If he is abroad, his vote will be used as a third party will vote for him, using a fake ID.

Control and management of the content in the protocols, feedback from the mafia.

The "disappearing voices" system - a pen with disappearing ink is used. Supporters of a mafia party enter the rooms and replace the pens with fading ink pens. After a while, the pens change to normal. Then again. This is how the process of "disappearance of votes" is managed. In this way, the votes of the opponents disappear. On the contrary, it grows on the mafia party.

### **FORGING PROTOCOLS WITH DISAPPEARING INK PEN**

Providing funding for buying votes in elections - the black coffers of the ruling party - money received from racketeering, coercion, extortion, corruption schemes, smuggling, draining the budget, corrupt public procurement, draining European funds, draining state and European money through hoops from companies, robbery of state and municipal budgets,

Buying sociologists, political scientists, public figures, artists, public figures, economists.

Buying the above individuals through non-governmental organizations funded by the US state budget, such as the Open Society.

Creating protest movements against the "unwanted candidate". , supported by the global Masonic elite, their companies, NGOs and others.

### **Control and management of manipulation and propaganda through SOCIAL NETWORKS - Facebook, Twitter and others.**

Political campaigns through livestreams. Facebook is an auxiliary wheel in election campaigns. Especially in the context of a coronavirus pandemic, social networks are a powerful weapon and tool for election campaigns.

Social networks provide conditions for advertising.

But these ads are targeted to consumers according to their age, location and interests.

Newsletter numbers and others appear on social networks.

Target advertising to a specific problem and its solution. The so-called election problems.

For example, in the United States, the problem of weapons,

On the other hand, likes do not give an accurate picture of the interests of voters to a particular party. Separately, the likes may be more to one individual than the likes of certain parties combined.

In addition, when the likes pass a certain limit, the price of advertising on Facebook is lower. Facebook ads are raised every year.

Using organic posts to reach more people.

A post usually reaches less than 5% of those who like the page.

The use of "friends of friends" targeting - raising the number of people to reach the information.

Facebook provides an opportunity to make a policy for the period from election to election, not only before the respective elections.

This is a good condition for an endless campaign of the respective political party

The goal is constant contact with people. Livestreams and interactions are on the rise.

With constant activity not only during the campaign, when it comes more users more users are hooked on you and increases the possibility of publishing the candidate to go among the "recommended for you".

Live shows on Facebook with answers to questions from the candidate to various questions, even provocations.

When people share, comment, react, like, the algorithm again recommends publications from this candidate.

It is important whether they react and how they react and that they react.

Use of digital marketing.

Use the huge user database for the election campaign.

Those by interests, by interests by location, by age, by interests.

### **OCCUPATION OF MEDIA BY ONE PARTY**

The system is different for non-parliamentary parties as opposed to those of parliamentary parties.

Social networks are used by parties that cannot access television and radio, which are usurped by one or more mafia parties.

For non-parliamentary parties, social networks are the only media for advertising and campaigning.

There is one drawback to social networks - NO ONE CAN FOLLOW THE FINAL RESULT OF A CAMPAIGN.

Likes, shares and views are not necessarily converted into electoral votes

### **5 /. THE FRAUD AND COUNTERFEITING OF THE US 2020 ELECTIONS in USA organized from the DEEP STATE and its manager – THE GLOBAL MASONIC MAFIA-DRIVEN ELITE**

The United States has entered a deep political, economic and moral crisis.

The foundations of American democracy, which boasted that it is not just a model, not just an example, not just a proof of the most developed and indisputable democracy, have really been undermined.

The events around November 3, 2020 became censorship in well-defined media and social networks, there was organic pluralism, in the democratic discussion

There are also proven election frauds.

Similar election frauds have been committed in Bulgaria since 2013, and the government has learned about these frauds from certain US structures.

The United States undermined the name of a great nation that seemed to serve as an example.

The United States undermined the name of a nation that boasted of its democracy and set its democracy as an example.

The United States promoted its democracy and based on that they IMPORTED DEMOCRACY IN OTHER COUNTRIES. Based on boasting of the best DEMOCRACY, the United States made YELLOW REVOLUTIONS in different countries.

AND AT THE SAME TIME, REALLY, THEY DID NOT IMPORT DEMOCRACY, BUT IMPORTED CORRUPTION SCHEMES, IMPORTED FICTIONAL IMITATION OF DEMOCRACY.

US ELECTIONS PROVE THE EXISTENCE OF A FICTIONAL IMITATION OF DEMOCRACY

The typology of electoral fraud conducted as such in Bulgaria, fully supported by the United States, took place at the moment in Georgia, Michigan, Pennsylvania, Arizona, Nevada, Wisconsin, in fact on the states on which the election of the President of the United States depended.

The scams were:

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

- Voting of "dead souls"
- Voting more than once
- Voting without identification
- Expulsion of election observers during the counting of votes
- The election officials from the commission filled in the ballots per kilogram
- Machine voting and counting have been compromised
- Acceptance of bulletins from the post office after the legal deadline
- Receiving ballots from the post office without identifying the voters
- The number of dead and non-living in one state exceeds those actually entitled to vote
- There are more voters by mail than those who have the right to vote.
- Abuse of postal voting
- On election night, counting stopped at the same time in the disputed states of Georgia, Pennsylvania, Michigan, Arizona Nevada, Wisconsin,
- And the next moment the numbers who voted for Biden jumped by tens of hundreds of thousands of voters for Biden without a single vote for Donald Trump
- Forensic audit of some of the voting machines in Antrim, Michigan, proved the transfer of 6,000 votes from Trump to Biden
- Proven software manipulation of the vote count is the registration of votes for Biden in favor of Biden
- Available software built-in ability to manipulate the results
- Access of insiders directly to the machines and its software
- Manipulation of the software even during its installation by the internal people of the election commission
- Electoral fraud was organized in all states
- Programming voting machines to distribute more votes to Biden.
- Machine programming anywhere in all states.
- Counterfeit envelopes
- Stop counting in the middle of the night to prepare ballots for Biden
- Sending observers home due to suspension of the census
- "Voting from the graves" - voting for dead souls, long-dead people
- Voting out of nowhere "registered" Americans
- Voting of people from one state to other states
- Retrospective ballots - anti-dating - return of the date of receipt
- Found ballots allegedly sent by mail, but they are not folded and not placed in an envelope.
- Multiple exceedances of the number of Americans registered to vote.
- Instantaneous - per second jumps in "votes" for Biden in the software with hundreds of thousands of pieces, and not a single piece for Trump.

### **FOLLOWERS OF BIDEN AND TRUMP on Facebook, TWITTER**

Biden's followers in the wind - 20 million.

Trump's followers on Twitter - 88.8 million

Biden's followers on Facebook - 7.78 million

Followers of Trump on Facebook - 34.72 million

With these data, it is somehow unthinkable to get such election results as they come out

The purpose of these scams was to steal Trump's "red states" and make the vote more widespread. In this way, large-scale fraud is covered up.

In reality, honesty in the choice was violated.

If an election is uncertain, the election is declared discredited.

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

Election observers were isolated, removed from the opportunity to monitor the actions of election officials in the counting of ballots.

Election observers are placed 30 to 50 meters or more from the places where the census takes place

In some places, they are invited to leave the polls, even to go home, because they have stopped the counting process.

Despite all the evidence, the censorship of social networks Facebook, Twitter and free media overflowed with evidence - recordings,

Hundreds of witnesses signed affidavits to notaries describing the violations

Georgia The number of dead and non-living in the state who voted in the election exceeds the actual number of eligible voters

Those who voted by mail are more than those who have the right to vote.

Biden wins Georgia, which is an all-red state "for Donald Trump with a red governor and a red legislature, which is virtually impossible.

Pennsylvania lacks 47 memory cards with more than 50,000 votes.

In Pennsylvania, 1.8 million ballots were mailed to voters and 2.5 million ballots were counted. This is a difference of 700,000, a proven fraud.

THE MAFIOTISMUS in the state structures - they refuse to check the signatures,

This will show whether the ballots sent by mail have been submitted legally.

### VOTE BY MAIL

The problems with voting by mail arose after the authorities sent ballots to everyone on the voter lists, not just to those who explicitly asked because they wanted to vote.

Many ballots on which they never voted at all were collected by the Democrats and sent on their behalf voting for the Democratic Party.

That is why the signatures need to be verified.

Authorities did not allow or allow an audit of all machines regarding machine voting

Authorities did not allow an audit of the machines where there was software manipulation in Biden's favor.

Arizona state senate requests to audit these scams were not allowed. There was actually sabotage by the state election commission.

This is real resistance

Already in the 2005 report of the Center for Electoral Reform "To increase confidence in the electoral process" Baker - Carter point out:

- The great dangers of reduced control when voting by mail
- Ability to manipulate the machines
- Ability to manipulate the census

In reality, not only legitimate votes are counted,

Election fraud in the United States is the rule rather than the exception,

Members of the election commission change ballots, and this was led by specific people

Before the election, such people were trained

### FAKE BALLOTS

There are no special security elements in the bulletin - a seal or a watermark.

The counterfeiter simply creates his own ballots by running them through a copier.

But reverse envelopes are "safer ballots."

Because the envelope cannot be copied, so it must be from a real voter.

Another scheme - Participants go door-to-door to voters and persuade voters to allow them to take their completed ballots and send them on their behalf as a public service. So they take the sealed envelopes and take them home where they open them on steam, replace the real ballot with a fake one and seal the envelope.

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

. Then, for greater security, they are scattered in different mailboxes so as not to attract this attention.

### **PARTICIPATION IN POSTMANS**

If there is a postman who is an opponent of Trump, he can do the following<sup>7</sup>  
"Throw the ballots in the trash if he knows they're for Trump."  
- To delay them and restrict them after the end of the election day  
- In this way, ballots never reach the polling stations

### **VOTE BY MAIL**

During the mail voting, bilateral supporters collect and count the ballots in the local election commissions, deciding which ballots are valid and which should be discarded due to irregularities.

### **ELDERLY HOMES AND HELPING ELDERLY PEOPLE TO VOTE**

This is a great opportunity to receive fake ballots and return ballots.

In some nursing homes, nurses are hired agents who go from room to room and they fill out the ballot, which is for one candidate, but this is not the candidate who asked to be reported by the elderly person in the nursing home.

There are situations when Uzhkim civil servants help foreigners in their homes to fill out the ballot.

### **IN THE POLLING STATIONS EXPULSION OF THE OBSERVERS OF THE OTHER CANDIDATE**

When they are removed or expelled even from the room and not only 5-10 meters, the observers who represent the other candidate

For example, when the ballot is folded at this angle, it is valid for "our" candidate and it is valid or corrected.

After mixing these ballots, they are mixed with the others and cannot be distinguished, and thus valid votes become

### **FAKE VOTERS**

People vote in polling stations where no ID card is required. For example, Pennsylvania is such a state.

Another option is to fill in cards with the name and area of that person and give them to a third person to go to the polls to vote.

Organized counterfeiters reproduce the signature of the person they are voting for.

Newsletters are sent by mail, but people who have long since died.

Bulletins are issued a fhora who do not live in this village at all. For example, paradoxes arise when, for example, there are 350 voters in one settlement and there are 670 ballots for that area.

### **VOTE BRIBERY**

Homeless shelters are one such source of voters who easily get corrupt.

### **FRAUD AT SOFTWARE LEVEL THROUGH THE ELECTION SOFTWARE SYSTEM**

**PROGRAMMING MACHINES TO DISTRIBUTE MORE VOTES for Biden**

Really ascertained from space.

The counting of US elections is done through software systems outside the US. This is done in Frankfurt am Main and Barcelona through Dominion Voting System and SUUTL - a European software company based in Barcelona. It offers purpose-based voting systems. World.

Until its inception, the system has proved vulnerable to electronic manipulation.

George Soros is the head of the Board of Directors of DOMINION.

Apart from that, Microsoft co-founder RAUL ALLEN has invested \$ 40 million in SCUTL.

The main shareholder and holder of most of the shares in SCUTL is the husband of Nancy Pelosi, who is chairman of the US Senate, whose nephew is the governor of California.

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

On December 2, 2020, DOMINION received \$ 400 million from the Chinese government through a Chinese bank in Switzerland.

It has been proven that, through this system, the 7 million votes that were for Trump were transferred to Biden.

Apart from that, 3 million people who died and were born and lived in the middle of the 18th century voted for Biden, and both ballots and ID cards were printed in China.

On election day, November 3, 2020, President Trump sat in the Eisenhower Hall of the White House on a 4-screen screen and watched everything happen.

On these screens, each bulletin was tracked thanks to the QUANTUM BLOCKCHANE system.

The official ballot for the November 3, 2020 elections was marked with a very complex radioactive isotope watermark that can actually be traced from space.

The US government, after determining that this server of the DOMINION participates in the change of votes. After the order, the server was found in Frankfurt.

November 9 saw the dismissal of Secretary of Defense Mark Esper and the appointment of Christopher Miller, a former director of the National Counterterrorism Center.

On November 7, 2020, CIA Director Gina Hasped was arrested in Frankfurt am Main.

On November 4, after the election, the Department of Defense, the 305th Battalion, and the National Security Agency (NSA) recorded evidence of real-time fraud to change votes in Georgia, Michigan, Nevada, Arizona, Wisconsin, and Pennsylvania.

Frankfurt am Main is home to the CIA's largest overseas cybercenter. It is the largest overseas structure outside the United States. There is a cyber attack against the cyber center. These actions hit the elite, the oligarchy, the mafia, key structures working against the US constitution, as the center ensured the theft of votes from Trump and these votes were transferred to Biden and also falsified.

The fact that in five critical states of the United States at the same time the counting of votes was stopped at the same time by someone's order, shows that the work of election commissions is managed by external forces violating the Constitution.

CIA Director Gina Haspel led these falsifications of election results.

It has been declared treason.

All of these actions point to Obama and Biden.

In addition, the director of the US Agency for Cyber and Infrastructure Security CISA Creech Krebs was accused of treason and fired.

The military operation in Frankfurt was led by General Richard Clark, who was born and raised in Stuttgart into a military family and who knew Stuttgart, which is 150 km away, very well. Far from Frankfurt.

He commanded the operation as commander of the US Special Operations Headquarters in Florida. In Wiesbaden, which is close to Frankfurt, is the command center of the American troops in Europe and uses premises, buildings with an area of 12,000 sq.m. This is a US military intelligence center. This server contains information on who ordered the election commissions to stop counting and who ordered the activation of the software for transferring votes from Trump to Biden.

According to General McKinney, President Trump must and must declare a state of emergency in the United States under the 1807 Uprising Act. , which allows the deployment of troops in the United States to suppress lawlessness and initiate the immediate arrest of criminals., participated, organized, conducted, rigged the 2020 elections.

This law has been enacted six times in US history. Movements such as "We the people - wi du people insist on this action.

This event was not noticed by the media at all // Iskra Lukanova /.

### **MAFIA ORGANIZATION - MAFIOTISMUS OF US STATE STRUCTURES**

This whole structure is organized and managed by a trusted member of the candidate, as he organizes training of his agents, controls his agents, contacts with his agents as at the higher level, if someone asks a question, then the lowest level of agents has nothing to do and they have not contacted, they do not know, they do not know the person who is at the higher level.

This is the nimble mafia organization, hierarchically organized in several levels, and the upper level is in contact with everyone from the lower level, and on the horizontal level people do not even know each other.

This is a precisely structured, mafia organization.

The above evidence proves:

- 2 /. Mafiotismus of Special Forces
- 3 /. Mafiotismus in the Ministry of Defense and especially at the highest level - Minister
- 4 /. Mafiotismus in the US Cyber and Infrastructure Security Agency

### **ABDICATION OF STATE STRUCTURES - MAFIOTISMUS AND CORRUPTION PRACTICES**

Even with this evidence of fraud, there was an abdication of such institutions as FBI, CIA, NSA, Department of Homeland Security.

These are all institutions that are run by the elite and are subordinated to the elite, to the mafia  
These institutions protect only the elite, not the law.

### **ABDICATION AND BLOCKING OF THE JUDICIARY - MAFIOTISMUS OF THE COURT DEPENDENCE OF JUDGES on any**

The refusal of judges to hear appeals with indisputable evidence of fraud attached.

### **GROSS VIOLATION OF THE LAWS OF AMERICAN VALUES**

Courts at all levels and in all states up to the US Supreme Court have refused to rule on the merits without considering the evidence.

Real mafiaization of the court:

- Pronunciation without reasons
- Judge's political statements
- Violation of the constitution
- There is a cover-up of illegal actions of the government
- Refusal to issue an institutional response to complaints doubts evidence evidence of fraud

### **12. PRINCIPLES of the MAFIOTISMUS in USA**

The differences in fasism and mafiotismus.

State capitalism - is a system in which the state replaces private entrepreneurs in their role as capitalist factors.

In state capitalism, all property and all means of production are concentrated in the hands of a capitalist - the state, which is in most cases governed by party leadership and party nomenclature.

The assigned value of the production is redistributed by the sole capitalist - the state. It is often called either socialist or communist.

It is often argued that the countries of the socialist bloc are neither folk nor social, and the economic system is actually a stagnant capitalism

Capitalism is an economic system in which production, trade is privately owned and governed by market economy methods, which in turn follow the prines of supply and demand. The main engine in such a system and supposedly "competition".

#### **PRINCIPLES OF MAFIOTISMUS - THE NEW TYPE OF STATE GOVERNANCE IN PRIVATE AND PERSONAL INTERESTS**

The state is governed by the Prime Minister if the same state is a parliamentary republic that has put in place and directs each state institution - a ministry, a state agency, manages both the executive and the judiciary through appointments that are close to him, and manages the legislative power - the parliament.

The people are a crowd according to mobbing. Principles of crowd control: suppressing the masses to be guided by petty passions.

Creating problems for the "crowd" - the people through taxes, high prices, high interest rates on bank services, management of the free means of citizens from the middle class, thus, through trickery and hypocrisy, the greatest human virtues are suppressed - honesty and honesty, which, according to mafia, are vices,

The rule of law - where the law begins, where it ends.

Gentle law enforcement, liberal rights,

The right of the strong,

It interferes and removes all existing arrangements and regulations

Мафиотизма puts a hand on the laws, reconfigures the institutions, the necessary and useful is only for their purposes and aspirations.

#### **FORMULA OF THE MAFIOTISMUS**

The most simple model of the mafia that describes the factors that affect the amount, type, and etc of the mafia is the following:

**MAFIOTISMUS = PERSONAL Power / on the top of state institutions / state and etc./ + Influence + Connections / to personal, private companies + Interests / personal, private, corporative / + ORDER / ORDERS + Personal management of all state neveaus + Personal Control of all states niveausMafia structure / inside or outside / + Monopoly Riegths + laws / rules / practices / procedures + possibility of taking an alternative decision - obligation - responsibilities - morality / ethics + Personal management and personal control of distribution of public state monetary and other resource (including European funds and funds).**

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

The mafia is also available for the public and private sector. The power of the mafia and the corruption practices in Greece in the public sector are very stark.

THE MAIN PRICE is the material or non-material benefits of members of the above-mentioned structures. Here is the connection BETWEEN THE MAFIA AND THE CORRUPTION

SPHERE OF THE MAFIA all over the world.

The mafia in Greece can be found in all spheres of the public live.

Sphere of Appearances of the Mafia: 1 /. In the state administration, 2). In politics, 3). In the justice system, 4). In the police, prosecutor, 5 /. In public services., 6 /. In the private sector, 7). In the TV, radio, television, newspaper, and etc., 8 /. In the citizen sector.

The political, financial and weapon producer mafia is the main reason for the beginning of the war in Iraq.

The slowness, the instability, the inconsistency of the "crowd" - the people, their inability to understand and feel the conditions of their own lives.

The power of the mob in the service of mafiaism is blind, unwise, unwise, serving to the left and to the right.

Mafiaitis makes suggestions for freedom equality, brotherhood, justice - pushing to debauchery, drunkenness Trickery, hypocrisy, violence, robbery and terror.

Terror takes place on all vertical and horizontal structures of the executive.

Terror is in favor of mafia and its representatives from the prosecutor's office, the judiciary.

Terrorism is carried out through the NRA, the Ministry of the Interior, the Prosecutor's Office, tax offices, municipal offices and others.

Mafiotismus has the most important factor in public thought - print and print media, all types of media - mostly television and the Internet.

The crowd's thought moves through the press and the media. The role of the press and the media is to be: to sense the needs, to transmit the complaints and to reveal the dissatisfaction of the people. The seal proclaims free speech. But that's obvious. News events are managed and controlled by representatives of mobbing.

Hunger and degeneration of the masses

With constant demands, constant spending, constantly increasing costs, taxes, uninterrupted indebtedness - hunger, taxes, obligations - give birth to slave dependence that governs the crowds, and their hands and minds are blocked for a different thought.

### Liberalism

When the people conceive that they are making concessions and indulgences in the name of his freedom, he realizes that he is authoritative and raises against the valley. The people are like a blind man, who encounters all sorts of obstacles, problems, helpless looking for a patron - a support that is not as if he does not think he returns to his first position - puts his rights obediently in his authority .

Specula is a basic form of business and business relationships.

Capital is the one that moves the world, moves, and the slavery that controls the industry and trade

Weakened public thought. - those who ponder and oppose, need to learn to meditate, the mental forces must turn to a verbal shootout of legal time and blasphemy.

Societies must be deceived and deceived and manipulated

Chaos in public thought. Civil society is replaced and replaced by NGOs funded by the Mafia, and civil society is practically implemented and implemented

To lose any opinion on political issues in the forefathers, and political issues are not within their competence of society, but only by those who direct the game.

Another strategy - people's flaws, habit, passions, rules of relationships, to yell so much to create a chaos that does not go out.

People cease to understand each other and they do not have to, to deny the people to think on political issues for their solving.

Personal initiatives must also be confronted - one against another - to make sense.

## **System and Elements, Control and Management of Election Fraud - Tool of Global Masonis Mafia\_Driven Elite and its Deep State - Imitation Democracy and Management and Control Respective State and Examples of The US Elections 2020**

Monopolies destroy wealth. Capital humiliates agriculture.

Increase in wages and simultaneous increase in prices. Raising wages is not beneficial to workers, because at the same time prices will be increased, the rise in commodity prices, and sometimes the rise in wages. Representatives of mafiotismuss hold public forces. They are the legislators, they determine the composition of the court and they give away justice, they punish, they pardon, they judge. They hold all these positions in their hands

The Mafiotismus holds in his hands the unbridled ambitious, insatiable, greedy, ruthless of vengeance, the evil, the hateful, the envious.

Mafiotismus employs state institutions, education, education, municipal structures and all kinds of government, creates bourgeois arbitrariness, affects the rule of law, with liberal arbitrariness arbitrariness.

Consciously complicate and confuse legislation.

Judges do not do the law, no one can punish them, no one wants to punish the judges, no such institution to punish them, sanction them, fire them.

Mafiotismus and its representatives at the state level create and support the PROCESS OF THE BOGOLIVED IN THE COURT AND THE PROCUREMENT. Judgments that misrepresent the interpretations, contradict the law and its proper execution, create a precedent in a judicial system that does not allow the right of the court, create a precedent law that grossly violates the laws and rights of individuals and companies, decree contradictory interpretations.

Mafiotismus and their representatives affect the judiciary, electoral institutions, the press, the media, the freedom of person, education, and education as the cornerstones of free life.

The institutions are fragmented and divided the power of the state - the legislature, the executive and the judiciary. If one part is damaged, the whole state and its actions are also damaged. The state has suffered from the lack of justice, the lack of implementation of the law by judges, the lack of law enforcement by prosecutors.

The real blood of the state is poisoned - when the judiciary is poisoned. That country is best ruled by the Mafia.

"The Mafia places and appoints judges and prosecutors. The three pillars of chaos are in full dependence on mafios.

Mafia Control and Corruption Control in the Judicial System, - Court and Prosecutor's Office, Administration, Ministries. Appointed people who have something dark in the past, a mistake in their lives, violations of laws, an affair, a crime. Such persons are faithful and do all things to which they are commanded to execute orders, orders, for fear of being denigrated. They seek to preserve their privileges, authority, gains, honor, power, power, their rights to do what they want without being punished.

Destruction in the constitutions of everything that interferes with the mafia and pushing them into what seizes the very content of constitutions and citizens' rights.

Corrupt anti-corruption institutions are being set up, which are initiated by representatives of mobbing, but do not actually enforce the laws but conceal the crimes of their members and servants,

Depleting the population and citizens in their own daily problems of survival.

Dealing with the population. Real deprivation of the rights and freedoms of citizens demonstrated in the constitutions and their replacement into other subordinates in immutability.

Real destruction of citizens 'freedoms in other laws and the actual deprivation of citizens' rights and freedoms in the constitution.

This leads to the confiscation of all rights, so that the laws will prohibit and resolve only those things that are in the interest of the mafia and their personal interest.

The whole press and all the media have been briefly controlled by mafia people.

Persons with a different mindset will not be allowed to scent to media, television, radio, newspapers or magazines.

### **PUBLIC RESOURCE CONTROL SYSTEM**
